Wolverines Visit Loyalton After Losing To Reno

Local Team Plays Hard But Drops Contest To Reno 19 to 0

The Tahoe-Truckee Wolverines, playing their finest defensive game of the year, lost a game Saturday to the Reno Ramblers, 19 to 0.

This was the first game in which the Wolverines did not tally, but the opportunities were not lacking. Shortly after the opening kickoff, the Ramblers fumbled on their own 30-yard line and an alert Tahoe-Truckee defense recovered. The Wolverines then marched to the 1-yard stripe. The rush for the score failed, however, as the locals fumbled on the goal line, the visitors recovering.

A short time later in the first period the Wolverines threatened once again as a Reno aerial was picked off by Mickey Williams who returned the ball to the Reno 25-yard line with a combination of excellent blocking and deceptive running. The Wolverines then moved to the 10 before once again yielding the pigskin to the visitors on a fumble. The half ended with no score being made by either club.

Ramblers Take Over

Midway in the third period the Ramblers from Reno finally shook a runner loose as Halfback Whitley cut off tackle and went 32 for the first score of the game. The conversion failed and Reno led, 6 to 0.

The fourth quarter saw a fine Reno passing attack to break the game open. The visitors second score was set up by a fourth and twenty situation pass from Ford to Galbraith which carried to the 1-yard line. In two plays Ford had carried in on a quarterback sneak. The conversion went wide and Reno led, 12 to 0.

With just four minutes left in the game, Coach Brehler of the Wolverines cleaned the bench and the Ramblers were able to tally once again on a pass from Ford to Galbraith from 20 yards out. The pass conversion was good and the scoring ended with a final of 19 to 0 in favor of the Reno team.

Best Game

The game proved to be the best played at the local field this season. The defense, led by Dolley, Dick Mandeville, Fellows, Sach, Williams, Sanford, Roger Holbrook, Pat Griffith, McClain, Crawford, and Jack Van Hooser held the running game of the Ramblers to a minimum. Without their fine passer Ford and End Galbraith, the Ramblers might have had a different story to tell. The Wolverine offense, led by Stuart, Williams, Mandeville and Sanford showed signs of striking into pay dirt, but fumbles and a couple of untimely penalties kept them from their desires.

At Lovelock

Friday afternoon will see the Wolverines at Lovelock for their final conference game of the season with the rugged Pershing County Mustangs. The Mustangs cannot be regarded lightly as they held the Yerington Lions to a 14 to 7 win, and losing to the Reno Ramblers by only 7 to 0. The Red and White squad of Tahoe-Truckee, however, feel that they are now ready for this tough conference game after coming out of Saturday's tilt with no injuries.

Final Game

The last game of the 1954 season will see the Wolverines hosting their arch-rival Loyalton on Saturday, November 6. This game, to be played at the Tahoe-Truckee High School field, will commence at 2 p.m. rather than at the regular 2:30 starting time. It is hoped that a record crowd of local fans will attend the game to cheer on this team of boys who have made the finest record in football in the history of the school.

LIONS FETE LADIES ON CHARTER NIGHT

The 23rd Charter Night of the Truckee Lions Club was celebrated with a ladies' night at Donner Lake Lodge Saturday evening with Earl Stice presiding.

Talks were given by William Englehart, Sr., and Frank Gaiennie two charter members.

A new bell was presented to the club by M. L. Jennings, recently retired Southern Pacific superintendent with Lloyd Nations making the presentation.

In Santa Barbara—

Mrs. Hazel Box has left here to live at Santa Barbara.

Calkins to Biggs—

Fred Calkins who enjoyed the fishing and hunting season here said goodbye to local friends on Monday, leaving for Biggs.

Heller at Home—

Charles Heller was confined to his home the first part of the week with a severe cold.

Select Cards Now—
Now is the time to select your Christmas cards at Sierra Sun.

New State Building Under Construction

This is what the new California Highway Patrol and Department of Motor Vehicles building will look like when it is completed just north of the Tahoe Truckee Wye. The above building recently completed at San Andreas will be an exact replica of the one here. The structure is being built by John J. Lodita and is being leased to the state.

27th Forest Fire In Truckee Area Reported In Week

Henry Toccalini, of the Tahoe Forest Service here said that on Monday of this week 27 incipient forest fires caused by man were reported and fought by the Tahoe Forest Service suppression crews throughout the district, aided by the Tahoe City and Kings Beach Fire Department, Ken Shreck and his party of hunters holding the fires to a minimum, despite the extremely dry condition of the vegetation.

Fulton Acres at Carnelian Bay was started afire by a careless smoker early Friday morning, quickly followed by a fire at Tahoe Pines where hot ashes were dumped.

Sheds belonging to M. Mills of Sacramento and hunting equipment were lost at McKaye Springs, Union Valley,Saturday morning when sparks from a hunters' fire were said to have gotten out of control. Toccalini said that no charge was placed against J. D. Pickle of Sacramento but the cost of the fire suppression was paid by him.

Hot ashes tossed out in inflammable material on Sunday morning at Kings Beach had fire fighters on the jump and flame number 27 followed the same afternoon a quarter mile west of Joerger's ranch, a careless smoker being given the dubious credit for this one.

HUFF, McCLATCHY NAMED BY KNIGHT ON WATER GROUP

Governor Goodwin Knight Tuesday appointed C. Don Huff of Homewood and H. J. McClatchy of Sacramento and Tahoe as California members of the Lake Tahoe Interstate Water Conference Committee.

Hull owns and operates the Homewood Resort and has ranching interests near Woodland. He was named to succeed the late Charles Young of Bijou.

McClatchy, who succeeds the late H. O. Comstock of Brockway, resides at Sacramento but has extensive property interests at Tahoe City. Both men have been active in the development and continued success of the lake area.

The other California member of the committee is George Kehlet, owner and manager of Meeks Bay Resort.

CHINESE FOOD BACK AT GOODFELLOWS

Reg Smart of Goodfellow's Coffee Shop announced this week that the restaurant will resume the now annual fall and winter custom of serving Chinese food beginning this evening and continuing each Thursday and Saturday evenings between 6-8 p.m.

The popular, tasty Oriental dishes are expertly prepared by Kim Jueng and patrons look forward to their addition to the menu.

Adult Classes May Be Started At School Here

Now that the fall semester of school has begun adult education classes may be started also.

It is possible to have adult education classes in almost any subject in the curriculum but it is necessary that at least 20 people be enrolled in each class before a teacher is assigned to teach a subject.

If anyone is interested in adult education classes they may phone Trucke 23 for additional information.

Budget Provides Funds To Build Hobart Highway

Of the $335,000 allocated to Nevada County by the California Highway Commission for 1955-56, $125,000 will be expended in the Truckee district it was revealed in a Capitol News Service bulletin to the Sierra Sun.

The commission which recently completed its budget for 1955-56 allocated the $125,000 for reconstruction of 5.5 miles of State Route 89 between Truckee to Boca.

The remaining $210,000 will be spent for acquisition of rights-of-way in the county.

The commission budgeted $189,266,000 for road work and construction for the entire state.

PRANKSTERS ARE WARNED BY LAW TO AVOID ARREST

"Have fun, but keep it clean."

This was the advise voiced by Constable N. F. Dolley in warning that vandals who take advantage of Halloween to destroy property and create unnecessary nuisance will be severely dealt with by local officers and special deputies during the coming weekend.

At the same time, the constable warned home owners to place garbage cans and other removal items in safe places to prevent their possible loss.

Both Dolley and Deputy Sheriff Roy Waters said they do not intend to be rough on children having a good time without doing damage, but that they will clamp down hard on adults and near adults who take advantage of the holiday to cause damage.

CHURCH WOMEN TO SPONSOR BAZAAR

The women of the Women's Society of Christian Service are sponsoring a bazaar and food sale to be held in the basement of the Community Methodist Church from 10:30 a.m. until 4 p.m. on Thursday, November 11. Many attractive items, suitable for gifts, homemade foods and candies will be offered for sale. Hot dogs, cake and coffee will be served. Everyone is invited to participate.

Paul Capels Parents Of Son At Hospital

Robert Edward, seven pounds, two and a half ounces, arrived at the Tahoe Forest Hospital Sunday evening at 6:15 o'clock to enliven the home of Mr. and Mrs. Paul Capel of Truckee. Dr. Ben King was the attending physician.

Talks Are Given At Meeting Of Rotary

Winslow Christian, of Loyalton, one of the attorneys in the Santo-Perkins trial, spoke briefly on the case before Monday's meeting of the Truckee Rotary Club at Donner Lake Lodge.

The principal talk of the evening was made by Gerry deRoth who discussed the Sage Hen project where he is employed. Johnny Ciardella was program chairman and Alvah Hooper presided.

Visiting Rotarians beside Christian were Cliff Anderson of Tahoe City and Harold McDaniel of the Ransome Company.

Guests Here—

Mr. and Mrs. R. K. Madge and daughter, Cathy, had as their guests, Mr. and Mrs. W. J. Connole of Mohall, N. D., parents of Mrs. Madge.

SUNBEAMS

By WALTER M. BARRETT

In most election campaigns, we choose our favorite candidate either because of his positive qualities or because of the negative qualities of his opposition. In the race for governor of California this year, we are supporting Goodwin J. Knight for both these reasons. Contrasted to Governor Knight's extensive personal knowledge of our region and its problems, his opponent has shown no evidence that he knows the eastern slope of the Sierra is even in California. His antipathy for the rural communities of our state is long standing and notorious. During the two decades he was a lobbyist for the big cities, de dedicated his talents to depriving non-metropolitan areas of as many governmental services as possible. In fact, it is reported that a large measure of his bitter personal animosity for Governor Knight stems from the latter's refusal, when presiding over the state senate as lieutenant governor, to give in to pressure on a bill which would have severely penalized the citizens living in rural areas. Although a city man himself, Governor Knight has always treated the smaller communities with fairness and understanding. In addition, the incumbent has proved himself to be a fearless, vigorous and capable administrator. All things considered, we firmly believe that the voters of the Truckee, Tahoe, Donner and Sierra precincts will best serve their community and their state by voting on November 2 to retain Gov. Goodwin J. Knight.

New Record Set With Fines From Truckee Judicial Dist. Court

The Truckee Justice Court set a new record for the year when Judge F. W. Wilson reported turning in to the county treasurer a total of $2657 in fines and fees for October.

That brings to a total $29,377.25 for the first ten months of the year, compared to $27,585 for the same period last year.

Of this month's total, $600 came from fish and game violators, $100 from sriminal actions, $2,750.50 from traffic fines, $188 for penalty tax and $18.50 from civil fees.

SPECIAL MEETING OF OES IS CALLED

A special meeting of Truckee Chapter No. 116, Order of Eastern Star, has been called for Wednesday, November 3 for the purpose of initiation, grand chapter reports and farewell night. Worthy Matron Dorothy King and Worthy Patron Dan Anderson will preside.

All officers and members are urged to attend this last meeting and party for the present officers' terms. Officers only will attend an ante-room meeting Tuesday night.

Flag Dedication Held At Kings Beach School

KINGS BEACH—Flag dedication was observed at the Kings Beach School on Sunday, October 24 attended by 50 people. Fred Shultz and Don Van Hooser representing the Boy Scouts, raised the flag. Rev. Cohver offered a prayer and led the singing of the national anthem. Otis King was given a word of praise for his assistance in erecting the flag pole, a project of the Veterans of Foreign Wars.

Harris Guests—

Mr. and Mrs. J. N. Blodgett and son, Gene, of Hamilton, Mont., and Mr. and Mrs. Elmer Browning of Lorenzo, Idaho, were visitors at the home of Mr. and Mrs. James Harris last week. Blodgett is a brother and Browning a nephew of Mrs. Harris.

At Capital—

David Campbell has returned to his home at Sacramento.

Many Issues Will Be Determined At Polls Tuesday

Polls Open 7 to 7 Tuesday As Local Contests Are Lacking

While there are no immediate local contests to be decided at the general election next Tuesday, there are some very important district, state and federal officers to be chosen and vital propositions to be decided.

There are, for instance, the following officers to be elected: Governor, lieutenant governor, secretary of state, state controller, state treasurer, attorney general, member of the state board of equalization from the third district, and one United States senator.

Settled at the primary was the choice of Clair Engle as representative of congress and Francis Lindsay as member of the state assembly.

There are more than a score of propositions—many of importance to every voter—on the ballot, and everyone is urged to study these questions and be prepared to vote intelligently on each one.

The polls will be open from 7 a.m. until 7 p.m.

The six local precincts and the officers are as follows: Donner Lake precinct: John B. Waggoner, inspector; Anita Allison, judge, and Donna Warnke and Ozella Slate, clerks.

Truckee No. 1 precinct: Oscar Schumacher, inspector; Daven Morey and Mildred Coffey, judges; Irene Englehart, Estelle Englehart and Katherine Ghirard, clerks.

Truckee No. 2A precinct: Dorothy Rose, inspector; Lucile Bick and Norma Russell, judges and Mrs. Jessie A. Hellar, Miriam Faulkner and Ida Gracik, clerks.

Truckee No. 2B precinct: Dorothy Leamon, inspector; Emily Street and Carol Saunders, judges, and Hilda Hintz, Marian McGihon and Margaret Walker, clerks.

Soda Springs precinct: James Sherritt, inspector; Frances Couillard, judge, and Eleanor Johanson and Milton Hogle, clerks.

Fishing Season Here To Come To Close Sunday

The current trout fishing season closes Sunday.

From all reports the season has been one of the most successful from the standpoint of the sportsman for many years. Much of the credit for this may be given the efforts of the Truckee Outdoor Sportsmen, a local organization, which has sponsored fish planting programs and worked to promote legislation favorable to the sportsmen.

JURY DISAGREES IN SAGE DAMAGE SUIT

After deliberating without decision from Wednesday mid-afternoon to 9:10 p.m. Thursday, in the civil suit of the estate of the late Richard A. Haddy against George Howard Sage, Oakland marine engineer, a superior court jury was dismissed by Judge James Snell and the action goes back for decision of the plaintiff attorneys on a second trial.

The estate of the former Nevada City man asked $200,000 of Sage for Haddy's death in an automobile accident near Truckee in June 1953.

Halloween Party Will Be Staged By Girl Scouts

Girl Scout Troop No. 2 will hold a Halloween dancing party Friday evening, October 29 in the Wyethia Club building when the girls and their escorts compete for costume prizes, bob for apples.

Favors indicative of the event will decorate the hall. On the committee in charge of arrangements are Nancy Kaspian, Janice Notley, Shirley Kohl, Tura Ann Kaylor, Anita Diaz, Carol Ann Quilici, Rosalie Frates, Dorothea Frey, Nona Rae Coffey, Janet Allen, Diane McGihon and leader, Mrs. Fred Pedley.

Plan Trip—

Mr. and Mrs. T. L. James of Lake Tahoe are planning a two-months trip this fall.

Church Gutted By Fire At Lake Will Be Rebuilt

KINGS BEACH—Fire, apparently starting near the new organ in the loft at the rear of the edifice, Sunday morning at 10:30 o'clock caused more than $10,000 damage to Our Lady of the Lake Catholic Church at Kings Beach.

The interior of the church was badly damaged but Father P. J. O'Niell, the pastor, praised the efficient and fast work of the North Tahoe Fire Control crews and volunteers in preventing a much more disasterous fire in the community. A 40-mile an hour wind was blowing at the time.

The alarm was turned in at 10:25 and at 10:55, the blaze was under control, again proving the value of the equipment and men under Max Kruger, Curley Mason and others.

Father O'Niell said that until the church is rebuilt, masses will be held at Carpenters Hall in Kings Beach. He expressed his thanks to everyone concerned for their help.

SHORT WAVE FOR SCHOOL BUSES TO SET NEW SERVICE

Arrangements have been made between the Pacific Telephone Company an dthe Tahoe-Truckee Unified School District to install two-way short wave radio hookups between two school buses and the high school office.

The plan was designed to provide additional assurance to students and parents during snow storm or when the highways are slippery. Bus drivers will be in constant touch with the high school.

A sub-station will be installed at the quarantine station near here and may be used when the school office is closed.

This marks the first time that installations of this type have been made on school buses in the West, Howard J. Newsham, manager of the telephone company here, announced.

CARNIVAL PLANNED BY TRUCKEE P. T. A.

The Truckee Elementary Parents and Teachers Association headed by Mrs. Gilbert Kumle have set Saturday evening, November 20 as the date of the carnival to be held in the school building.

Arrangements are going ahead for the affair and the group is expecting to fill the evening with interest for all of the family and others interested in the organization.

Girl Scout Sell Calendars To Benefit Camp Fund

Donner Troop, Girl Scouts, worked on a project for the coming carnival of the Truckee Elementary School Parents and Teachers Association at their meeting on October 19 and heard a brief talk by Julia Fuentez on Mexico. Singing and dancing closed the afternoon.

The members are selling 1955 calendars, the proceeds to be used to help the girls attend camp next summer.

Theater Party Honors Boy On Birthday Here

A Donner Theater party followed a dinner given by Mr. and Mrs. Ernest DeLisle last Thursday in honor of their son, Darby, who was nine years old.

Halloween favors were given the young guests and decorated the table. Sharing the evening of fun were Steve and John Besio, Gene and Mary Miller, Kary Keilhofer, Mike Lee, Susan Olano, Shirley Patten, Joe Straub and Michelle DeLisle.

Chester Burns Welcome Second Son This Week

Mr. and Mrs. Chester Burns are the parents of their second son, Jay Allen, six pounds, 11 ounces, born Tuesday morning at 7:35 o'clock at the Tahoe Forest Hospital where Burns is employed. Dr. George Hahn was in attendance.

Edmunds Hits At Stampede Plan In Reno Meeting

Fish, Game Officials Add Protest To Diverting California Water

California and Nevada fish and game commissions, the counties of Nevada and Placer, the state water resources department, chambers of commerce, the Truckee Public Utility District and other political and civic groups were represented at the hearing in Reno Monday to discuss various ramifications of the proposed $43,000,000 Washoe Project.

Strong opposition to the project, as approved by the Bureau of Reclamation and U. S. Army Engineers, was voiced by C. Edmunds, representing the Truckee Public Utility District. Fish and game officials from both states were in outright opposition to many phases of the proposal.

The meeting was called by Senator George Malone of Nevada so that the committee could hear arguments pro and con.

"We who live in eastern California want to conserve, utilize and share our natural assets with everyone, and we want others to enjoy the over abundance which we cannot ourselves use; but we don't want to be deprived of our God given inheritance by cutting the rims of our lakes, by tunneling into our water reserves, or by unreasonable methods of use or unreasonable methods of diversions of our waters," Edmunds declared.

Cites Regulations

He went on to elaborate on this charge, pointing to resolutions against the project as passed by his board, the supervisors of Nevada County and others in California.

Edmunds cited Section 3 of Article XIV of the constitution of the State of California which provides, in part that:

". . . The right to water or the use or flow of water in or from any natural stream or water course in this state is and shall be limited to such water as shall be reasonably required for the beneficial use to be served, and such right does not and shall not extend to the waste or unreasonable use or unreasonable method of use or unreasonable method of diversion of water."

The local speaker charged that the plan of the diversion from Stampede as now proposed is an unreasonable method of diversion of California water and is contrary to the intent of the constitution of the state and against the best interests of the people of California and the County of Nevada.

Sportsmen Object

Also vigorously opposed to certain phases of the proposed project were fish and game officials who urged that many questions be resolved before the project is presented to congress for authorization.

It is charged that fish and wildlife will be damaged if the project is carried out as currently planned. The spokesmen demanded that all 14 of the recommendations offered by the fish and game committees from California and Nevada be included in the report.

The principal local objection voiced was to diversion of waters of the Little Truckee into a tunnel which would carry the water directly into Nevada, instead of allowing it to follow its natural course down the Truckee river, thus depriving California of several miles of potential water power for future use.

NINE CANDIDATES IN SUNSHINE CLUB

Nine candidates became members of Donner Council No. 13, Pythian Sunshine Girls Wednesday evening, October 20, with more than 40 members and friends in attendance.

The girls joining the order are: Sandra Van Sickle, Karen Smart, Violette Dohme, Shirley Patton, Diane Kaspian, Helen Kohl, Donna and Ginger Barnes, Janice Stewart.

Halloween was chosen as the motif at the refreshment table.

ANOTHER BOY AT ROBICHAUD HOME

Four sisters and two brothers welcomed Joseph Francis, who arrived on Thursday, October 21 at Tahoe Forest Hospital for Mr. and Mrs. Francis Robichaud.

The husky boy weighed nine pounds 13 ounces at birth. Mrs. Charles Robichaud of Carmichael is visiting at the home of her son and daughter-in-law.

Frank Titus, pioneer resident of Truckee returned to a Reno hospital on Sunday for medical treatment. Friends of the well known local man are hopeful for his recovery of health.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS) — Something new hit the California political field this week, and is worthy of comment if only to show the lengths to which Pension Promoter George McLain, of Los Angeles, will go to secure votes for pet propositions.

In the "National Welfare Advocate," a publication issued by the McLain organization for the benefit of California's elder citizens, as he calls them, the entire back page of the October issue is devoted to a series of prizes offered for workers who canvass votes on behalf of Proposition No. 4, the measure which fixes in the state constitution a minimum old age assistance of $100 per month.

The "Advocate" pictures a large refrigerator, a television set and a modern cook stove to entice the old folks, and states "these can be yours."

Follows an entry blank to be returned to the committee for "yes on 4," which lists the precinct the worker will cover in the hopes of getting in on the big prizes.

But here comes the McLain gimmick! In the fourth paragraph of the caption under the pictures (incidentally there is also a picture of McLain) the directions read:

"The big prizes are for those precinct workers whose precinct tally shows Prop. 4 carried with all "yes" votes and no "no" votes.

Just how much the odds are that any precinct in California will vote unanimously for any given proposition, or candidate for that matter, probably never have been computed, but in any event, it can be assumed with reasonable safety that McLain will never have to pay off by purchasing either a refrigerator, a television set or stove, for the caption says that just "one" of these items will be given away "absolutely free" to the person who delivers his entire precinct in the "yes" vote column.

"We must make certain," the ad says further, "that pensioners win $100 a month for life. And if we have to give away prizes to do so, we will. So do your job by ringing doorbells, distributing literature, using the telephone and hollering from the rooftops "yes" on Proposition 4."

However, the dodge to get workers is not without its consolation prize, for the ad says that every worker whose precinct has more yes votes than no votes for Proposition 4 will win a one-cup coffee maker. Apparently the pension organization feels that the old folks are somewhat lonely people and must either drink a cup of coffee alone, or share a half cup with a friend.

But the pension promoter may even be saved the purchase of the one cup coffee makers (the odds that many precincts will vote in favor of the proposition are much less than that any precinct will go for it a hundred per cent) if the statewide ballot is for defeat of Proposition 4.

In even smaller type and down at the bottom of the ad, the workers are notified that "the awards in this contest are predicated upon the passage of Proposition 4." So if the proposition loses, the pension promoters will be out nothing. And should it win, a good question is whether or not McLain plans to ask for bigger and better contributions to purchase nobody knows how many "one-cup coffee-makers," which can be had in any dime store for a negligible price!

Henry C. Clausen of San Francisco, named Grand Master by the Grand Lodge of Free and Accepted Masons of California and Hawaii.

MANY BOOKS USED IN PLACER SCHOOLS

The instructional materials center, Wilma Rogers, directors, reports that 3200 Placer County elementary pupils in the 20 schools using the library services of the center, received 22,332 books during the last school year valued at $55,830.

The center is financed by county school service funds and district contributions and is cooperatively operated for the use of elementary school children in Placer and Nevada counties. It supplies recreational reading and supplemental text books to class rooms by a weekly delivery service.

Placer County schools using library services are Ackerman, Alpha, Alta, Alta Vista, Blue Canyon, Colfax, Dry Creek, Dutch Flat, Emigrant Gap, Eureka Union, Foresthill, Gold Run, Newcastle, Ophir, Penryn, Placer Hills, Rocklin, Sheridan, Tahoe-Truckee, and Valley View.

There were 4817 films used in teaching the nine thousand elementary and high school pupils in the twenty-eight school districts during the past year. Teachers also used 2574 filmstrips, 431 study prints and 721 records.

San Francisco's $28,000,000 Civic Center is composed of the City Hall, Civic Auditorium, Public Library, State Building, Opera House, Veterans' War Memorial Building, Health Center and Federal Building.

SWANEE'S Lake Tahoe Letter

Reno, Nev., Oct. 25

Dear Tahoeites:

This is a belated addition to my last letter in the Sun. Since leaving Tahoe and living the "Life of Riley" with daughter Marie and family, I have garnered a few more interesting news items which I enclose herewith.

First of all, had such a nice letter from old-timer Mrs. Evelyn Bliss, who recently sold her home in the center of town to the Jack Starratts and is now making her home in Oakland. During the first week of her arrival in the Bay city, she sweltered with the heat, but has finally found a suitable apartment in the Lake Merritt district where she is within easy walking distance of shopping districts and transportation and within three blocks of old friends. So she believes she will be quite contented when she finally gets all settled in her new home. She sent along her new address, as well as her very kindest regard to all her old Tahoe friends, and invites one and all cordially to visit her when in her vicinity. Better write it in your address book right now! It's 408 Van Buren avenue, Oakland 10. Phone Glencourt 2-3558. And to Mrs. B we all say: Good luck and have fun in your well-deserved retirement!

Had more pretty cards, and a lovely letter from the C. O. Valentines of Costa Mesa, who enjoyed recently a vacation, via plane, to Minnesota and on to Canada where Mrs. V was born and raised. From Vancouver she wrote that they were trying an English-type inn for dinner that night and their menu ran about as follows: It's so unique I'm quoting: "Cock-aleekie soup; main dish, bubble and squeak; Cornish pasty; Farfax bridy; Lancas short hot-pot Redgeree and a cutty sark to wash them down." And believe it or not, that's English, and I don't understand a word of it. They are now home again and were enroute to 29 Palms to get warmed up, the ground fog was so dense as home. Carlton had another birthday on the 19th and they planned a party to celebrate.

Was happy too to receive a nice note from Dr. Stuart Dingwall of La Jolla who recently visited at his Truckee River Veterinary Hospital prior to closing it for the winter, accompanied by son Bruce. He wrote that little daughter Nan, who underwent such a tragic experience recently, continues to talk about the good times she had with the family at the lake last summer and is looking forward to next year already. Tahoe, he believes, was good for them all, in spite of what happened. The good doctor plans to carry out original plans as to building his new motel in town, on the site of the old Watson property which he purchased, just as originally planned.

Had a call before leaving the lake, from Bob Hoskins(no relation to the former sheriff of Grass Valley incidentally) and his manager, Mrs. Evelyn Seymour of Glendale. Seems they are still determined to try to swim the length of Lake Tahoe sometime during November, around the 10th or a little later. Fred Main has given his permission, but I can't seem to find anyone at this time of the year who will pay any money for the feat—so why try? Mrs. Seymour said she has purchased a specially made neoprene swimsuit for the 27-year-old, 6-foot, 200 pound Hoskins, who claims he doesn't have a fear in the world of not making the swim. He made a visit to Mrs. Mitchell's last week and tried out the water at Sunnyside Lodge, while a small group of spectators watched. But I still think the idea is unsound and decidedly impracticable at this time of the year when he just might have to swim the 22 miles or so in a snowstorm! Wish him luck if he persists.

Got a look at the new Chevrolet sedan Clarence Vernon bought with some of his $10,000 he won at bingo last summer at Cal-Vada It's a very pretty car and we don't know anyone who is more deserving of a little luxury.

Am certainly enjoying this beautiful Reno weather which continues marvelous despite, a light snow-fall here on Friday morning early. It disappeared before the sun rose and summer weather still prevails.

Will welcome hearing from any of you at 791 Casazza Drive, or call me at Reno 2-7578. My very best to you all, and will appreciate having you cooperate with my sidekick, Mrs. Jeannette Mitchell of Sunnyside, who is pinchhitting for me this winter during my absence. As ever, **Swanee.**

Mrs. W. H. Mayhew of Tahoe City will be in Los Angeles for an indefinite stay.

NORTH TAHOE

By JUDGE HARRY CHARRISON

One of the proudest young men in the neighborhood is Walter (Skip) Mandeville, Jr., 13 years of age. He got his first deer, 120 pounds dressed. He was only surpassed by his mother, June Mandeville, who got herself a 140-pounder way up on Mount Rose. Walt Sr. says yes, he got one, but no match for his wife's and son's. Ah well, youth will tell, Walt.

There was a baby shower Tuesday night at the home of Mrs. Phil Geier at Tahoe Pines. You wouldn't guess who its for. None other than Mrs. Lee Madden of Tahoe Vista. Lee says its news to me, can you imagine that? Those present were Mary Skaggs, Elsie Charrison, Kay Felte, Betty Ball, Louise Geier, Vera Frazier, Diane Briner, Audrey Brehler, Dorothy O'Rourke, and of course Margaret Madden. Some of the cutest gifts were opened by Mrs. Madden and delightful refreshments were served, which included a beautifully decorated cake appropriate to the occasion.

Had a wonderful visit from two very wonderful friends from Pasadena, Clarence Williams, a friend of many years, also Thelma Poore, a friend of both the Miedemas and ourselves.

I see Mike Benning of Bennings Resort is doing work around the buildings. He too says next year we shall really be ready for lots of business. Hope he's right!

Was sitting in the shop of our tonsorial artist the other day waiting to get a little bit off the top. Three of our good citizens who are going out for the winter, and each one said the highlight of their weekends while away was when the Sierra Sun arrives, to give them the news of their home up in the High Sierra, where the sun shines nearly all the time, and that beautiful pure air flowing into their lungs. No smog, no fog! We sure hope Cloyd Sipes stays in during the winter. Oh, yes, Loren P. Mosier told me as soon as he gets to Honolulu where he and his good wife will winter, he will send his address and cash to have the Sun—Sierra Sun that is—mailed to them air mail. Ain't that something? We appreciate these things.

On Tuesday evening during last week the N.Y.F. (Methodist Youth Fellowship), met at the Ashton's in Kings Beach for a business meeting and weenie roast. It was the first to be held this fall but these meetings will be held as often as possible and it is hoped that the turnouts will keep up to the standard of this first one. There was lots of food, and all had more fun than a picnic. The next meeting will be held at the church. Those present included Rev. and Mrs. A. B. Covher, Buster, Janice, Jay and Phillip Mandeville, Nickke Ann Wing, Jo Ann Van Hooser, Jacquie Abbott, Dianna Abbott, Davey Ashton, Barry Graton, Fred Schultz, Randy Schultz, Jack Van Hooser, Don Van Hooser, Diane Shaver, Karen Decker, and Mrs. Marguerite Ashton, and the hostess, Joellyn Ashton. This is a wonderful thing for the young people of the neighborhood. No juvenile problems here with youngsters like these.

Davey Ashton and Karen Decker were chosen to travel to Nyack Lodge to the students institute meeting. They were accompanied by Miss Thelma Finger.

I see the Harry Streets are back at their home at top of Brockway Hill after quite a trip to Oregon. Don't know whether they will stay in for all winter or not, says Harry. Glad to see them back.

This is Saturday morning almost noon and the temperature is still way down around 34 degrees and the skies are a wee bit cloudy. Could be that there is a little snow lurking around the corner. Well I guess we need it as the fire hazard has been extremely high.

Had Doug Free in for a wonderful visit this week. He tells us that young Larry is doing so well at school and that they feel the best thing to do is a stay in for the winter. Boy, oh boy, are we tickled to hear that. If you are not acquainted with the Frees' drop in and see them, you will be glad you did.

As the Layman Sees It: Whereby a different member gave a miniature sermon has been the feature during the past month at the Community Church of Kings Beach. This Sunday, just a couple of days away, it is hoped that the church will be filled to overflowing. Rev. Covher is expecting you so don't disappoint him. A very cute little ceremony was held, when Rev Covher presented badges to four more members of the Pathfinders Club who recited the 23rd Psalm. Have you any old or new clothes laying around? If so bring them to either the church or to the Kings Beach school when you attend the costume party and dinner. The clothes are for the Clothes for Korea drive, a worthy project if you ever saw one.

P. R. and Mrs. Murray of Tahoe Vista left at the beginning of the week for their winter home in Merced. They tell me the summer at their home here was positively grand. We shall certainly miss them both, especially at church where they were in regular attendance.

Well I never did. Had a couple of our subscribers that I met in church tell me to be sure and say in the column how much snow is on their roofs if they are still to be seen. In fact they ask for a real weather report so I shall do my best to accommodate them.

Another fire broke out at the corner of Bear street on Sunday afternoon in Kings Beach, but once again the fire control unit was on the job and had it controlled in a few minutes. Another few minutes and this fire might have been disastrous too.

Mac Burroughs and Gerry Potts just got under the wire on Sunday night by getting a swell buck just about five minutes before sundown. In fact they were on their way home disappointed as could be, when the buck came right under their noses.

Loggers Seek Tax Aid To Built Access Roads

SACRAMENTO (CNS) — Access roads built by the state would allow harvesting of rotting timber, boost Northern California employment, and give small lumber operators an economic lift, an assembly subcommittee was told Friday.

R. F. Denbo, of the Humboldt County Chamber of Commerce, testified that millions of board feet in U. S. national forests of Northern California are overripe and will be wasted because they cannot be reached by operators equipment.

"We believe," Denbo said, "that the government should either appropriate the money to construct and build access roads, or should sell stumpage to companies at such a price and in such a manner that the lumber industry can build the access roads."

Denbo estimated that access roads to potential logging areas on government land in Northern California would cost about $25,000,000.

Denbo told the subcommittee on transportation and commerce, headed by Francis C. Lindsay of Placer County, that building such roads would yield a half billion board feet of government timber a year.

Tahoe-Truckee School District News

TRUCKEE ELEMENTARY

Kindergarten: In accordance with the Halloween theme, members of the kindergarten have decorated the classroom in various ways. Some of those who have art work displayed at present are: Janice Baysinger, Twila Lee Barber, Jeannie Gough, Karen Hedlund, Karen Frates, Kathy Braasch, Judy Wakefield, Sandra Miller, Bruce King, Charles Collier, Gary Waters, Danny Whiteneck, Bill Waters, Timmy McLane, Gary Kehm, and Russell Glenn. In music, we have been working on rhythms in addition to our daily singing.

First Grade: Mrs. Bissett's first grade is making movies to provide practice in relating story sequence before a group. Mr. Buehler gave us a large cardboard box for the stage. Charlene Robichaud brought a broomstick for a roller so that we can change the scenes. Ann Morey and Randy Russell painted the stage. We constructed a Halloween frieze that is partly three-dimensional. Dennis Ford made a witch for it.

Mrs. Croxen's first grade has been working on rhythm band instruments. Fosten Wilson brought an empty carton to be painted and used as a drum. Charles Hintz brought many bottle caps to be used as part of the rhythm band instruments.

Ricky Ralphs showed the first grade class a potholder he had woven. Joanne Costa and John Sturke completed theirs and hung them on our bulletin board.

Second Grade: For Columbus Day we made pictures of Columbus' three ships.

Last week we painted a Halloween mural. Teddy Daniels and Terry McKurtis made ghosts; John Leavens and Salvadore Cobrera and Niki Glenos made scarecrows; Marcia Leamon and Judy McGwinn, sheaves; Steven Van Sickle and Danny Garcia, bats; Carolina Urbina, Peggy Berger and Geraldine Steele, Eddie King, Gregory York, witches on broomsticks; Karen Whittenberg, a big pumpkin, and Jimmy Roth, a skeleton.

Third Grade: In art the third grade has been studying the primary and secondary colors. The beautiful rainbow over Donner Summit Wednesday morning gave us a true picture of the natural colors.

In our weekly art period Ellen Patnoude has brought several Japanese things including a small statue. Patricia Ramsey showed her picture of a mission.

Our first day of square dancing was a great success. Bring records to share with our classmates. Those who have brought several records are Kittie Lee Ellis, Joe Cabrera and Janice Stewart.

Fifth Grade: In music, the fifth grade has been listening to the regular Standard school broadcasts each week. In addition to listening to these programs we have been drawing pictures that show how we feel about particular musical selections. Among those who illustrated this selection in an interesting manner were: Vickie Firpo, Terry Ellis, Richard Donnis, Linda Giovannoni, Barry Leamon, Mike Kumle, and Terry Walker.

Sixth Grade: In music period, the sixth grade has been having dancing outdoors occasionally. In connection with social studies Barbara Ramsey and Mary Ann Faulkner made a plaster of paris map of British Columbia. Stephanie Firpo, Philip Harris, Carol Patnoude also made colorful maps. Judy Giovannoni made a large chart of Spanish words and the corresponding English meanings. Sandra Van Sickle and Donna Barnes are making excellent free-hand replicas of pictures of wild-life of the prairie provinces of Canada. Bill Thornton has a fine collection of his originals in a notebook.

KINGS BEACH SCHOOL

Kindergarten and First Grade: We had several visitors this week. Linda Bonney's mother and baby sister visited for a while Thursday. Wendy Howell's mother visited Friday morning. Mrs. Julia Gonsalves, our school supervisor, came to see us Thursday morning. Phil Thompson brought a pumpkin to school and may leave it so we can make a Jack o' Lantern.

First and Second Grade: During art period Friday, we cut out Halloween Jack-o-Lanterns and we also drew Halloween pictures. We had the most mothers and fathers present at the P.T.A. meeting last night. Mrs. Wing has started to read Heidi to us. Larry Free brought a box of colorful autumn leaves to share with us. Wayne Mandeville brought many interesting snapshots of the old car parade which passed through Kings Beach several weeks ago. Mrs. Wilson, our former cook, brought us a huge pumpkin. After we made a Jack-o-Lantern out of it, we shared it with the kindergarten and first grade. Janet Mallory has moved to Monterey Park until the first part of next year.

Fourth, Fifth, Sixth Grade: We had more information sent to us by the Canadian consul general about Canada. Mrs. Patnoude, district school nurse, came to our class Thursday and checked the height, weight teeth, and vision. Mrs. Julia Gonsalves, county supervisior, brought us a box of books from the county library. Most of these books deal with minerals and mining. A great many books have been checked out already for reading.

TAHOE LAKE SCHOOL

Kindergarten: Clay figures and objects of clay art took the leading interest spot this week. Halloween got its start with the class working on big pumpkins and owls.

First and Second Grades: A Halloween poem was illustrated on our bulletin board. Gregory Moore and Jayne Shontz made the fence; George Brimhalland Don Bury made the house; and the trees were made by Rollin Kehlet and Tommy Ruhkala. The whole class contributed to the picture. Favorite books have been brought and shared with the class by Kathy Wilson, Susan Wright, Danny Sprague and Ellen Edge.

Third and Fourth Grades: Citizenship has been the core thought of the week for the third and fourth grades. Some of the thoughts were given as follows: Bill Gorham suggested that love and respect for the school were most significant. Jim Schrader thought that helping the teacher in every way was quite important. Danny Conners offered courtesy in classroom as an aid. Steve Lorentz felt that saluting the flag was good evidence of citizenship, providing that you did so with sincerity. Chipper Marvin came up with this fine thought: "Don't waste your schools' good materials and you will be helping." From all these thoughts and even more the class worked out this simple and sincere creed: We, the children of Tahoe Lake School, in order to be good citizens must love and respect our school and be proud to obey the laws and help others with an attitude that is friendly and happy.

Fifth and Sixth Grades: The committees that are making special reports on modern California have nearly finshed their projects. Vic Sartor, Parky Bechdolt and Wayne Poulsen reported on climate. John Gorham, Kenny Wilson and Jimmy Heuga presented dam and highway construction. Jo Ann Pomin, Carolyn Henry and Ellen Rich reported on highway transportation. The P.T.A. is giving a Halloween party for the children of our school this Friday night. Prizes will be given for original costumes.

DONNER TRAIL SCHOOL

We received plans in the mail the other day for our electric motor. Tom Peterson, Alex Marin, Strohn Woodard, and Raymond Rubalacava assembled the parts. We hope to have it in good running order by Monday. We made the motor from scraps. We made plans for our Halloween party which will be held next Fiday afternoon. We plan to have games and prizes.

DEER HUNT SEES RECORDS BROKEN

It will be several days before the returns are in, but a new statewide deer bag record for California seems certain for the season which ended October 24, according to the Department of Fish and Game.

Tag reports as of the 25th day of the inland season showed a 1954 kill of 29,825 as compared to 23,239 on the same date last year, an increase of 27 per cent.

Total of both coastal and inland seasons shows 57,760 tags returned to the department against 45,195 last year, or an increase of 26 per cent.

Deer management officials predicted that if tags are returned for the final five days of the season at the present rate, the statewide record kill of 64,619 deer, set in 1951, will easily be surpassed.

TREES AVAILABLE

Acting State Forester Francis H. Raymond today announced that tree planting stock for reforestation, farm woodlot, and Christmas tree planting is now available from California Division of Forestry Nurseries.

Mr. and Mrs. Charles Beardsley left Tahoe City the first part of October for Piedmont.

IT'S WISE TO ADVERTISE!

HECKER FAVORING KIRKWOOD ELECTION

Tax Collector Elma Hecker of Nevada County announced today that she has joined 75 other county tax collectors and county auditors in endorsing State Controller Robert C. Kirkwood's candidacy for retention in office November 2.

"Second only to the governor in its importance to the citizens of California, the office of state controller is little known to the voters of our state. Controller Kirkwood has given California able, conscientious administration of their fiscal affairs. He has been impartial in carrying out his responsibilties. I feel that a change in the administration of that office would be a definite backward step in the best interests of good government.

"I urge the re-election of Robert C. Kirkwood as state controller in the further promotion of sound, strong, local government, declared Tax Collector Hecker.

desto.

Mr. and Mrs. P. R. Murray who spent the summer at Tahoe Vista have returned to their winter residence at Merced.

KNIGHT IS RIGHT

FOR CALIFORNIA

VETERANS SAY:

"Goodwin J. Knight is the *only veteran* in the race for Governor. He knows veterans and veterans know Knight. He's the right man for *all* California!"

TAXPAYERS SAY:

"Knight doesn't just talk a good job. He does it! He's sound, constructive and economy-minded."

BUSINESS, LABOR SAY:

"California's governmental training system gave Goodwin Knight 7 years of tough experience as Lieutenant Governor, in dealing with Statewide problems. The apprentice system works in *Labor*. It works in *Business*. Knight's strong record of achievement proves it works in *Government*.

"Let's not trade a man who knows the job—for a man who still has to learn!"

PARENTS SAY:

"Governor Knight cracked down on the youth-destroying narcotics traffic—and made the first move in 20 years to clean up liquor control."

GOVERNOR KNIGHT SAYS:
"Government's true function in a democracy is not to rule, but to serve—with humble respect for the God-endowed rights of each individual citizen."

DEMOCRATS SAY:

"The Cornerstone of Democratic Government is not the Party—but the Man. And this year the Man is Knight!"

ON NOVEMBER 2 CALIFORNIA VOTERS WILL SAY—
KNIGHT IS RIGHT FOR CALIFORNIA!

Sponsored by the Knight for Governor Committee
Hayward Hotel, Los Angeles • De Young Building, San Francisco

LOTS for SALE

The Truckee Public Utility District is offering Lots for Sale on the north side of the Brockway Road in the Hill Top area.

These Lots are 100 ft. by 100 ft. in size located on a recorded County Road—graded, surfaced and maintained by the County.

Electricity and Water will be available to each Lot. This area is in the Fire District but is not at present in the Sanitary District.

For a limited time—up to and including October 31, 1954—preference in the purchase of these Lots will be given to voters of the District.

After October 31, 1954 the remaining Lots will be offered to the general public. This is an excellent opportunity to get in on the ground floor of what should prove to be one of the most popular areas in this community.

TRUCKEE PUBLIC UTILITY DISTRICT

A Tax-Saving, Public Service Enterprise

WHAT'S DOING

H. J. Newsham, your Telephone Manager in Truckee

Now your voice can answer the telephone when you're away

Scene: an office. Nobody's there. But when the telephone rings, a voice answers: "This is GArden 6-8049. We'll be back at 3:30. Would you like to leave a message?" This is our new automatic answering and recording equipment at work. When you're away, it automatically "answers" your telephone, gives callers your recorded message. When you return, it plays back their replies. You can get this handy equipment through your telephone business office.

It's one more way we've found to make your telephone more useful...while still keeping it low in cost. **Pacific Telephone works to make your telephone a bigger value every day.**

Help yourself to even faster long distance service

One of the big advantages of long distance service is that it saves time—helps you do things in a hurry. This service works even faster for you if you give the operator the telephone number of the person you're calling, not just his name and address. In fact, your calls go through twice as fast. So for the very best long distance service, please call by number.

OUR SCHOOL DISTRICT LOOKS AHEAD

Recently the Tahoe-Truckee Unified School District accepted a proposal by our company to provide two-way radio communication between the High School and two of the buses, with a sub-station at the Truckee Inspection Station for special coverage when the school office is closed, thus providing around the clock radio contact in cases of emergency.

We believe this installation, when completed will be the first of its kind on the West Coast in the protection of children, where snow conditions in an area like ours have always presented a potential danger. As good citizens and parents in this community we congratulate E. V. O'Rourke, superintendent of schools and our board of trustees for their recognition and the action taken in providing preventive measures in protecting our children.

11,088 VOTERS IN NEVADA COUNTY, REPORT REVEALS

A compilation of registered voters in Nevada County shows there are 11,088 qualified electors. Of this total, 5581 are Democrats, 5239 Fepublicans, 12 Independent Progressives, four Prohibitionists and 252 who decline to state.

These figures indicate that the Democrats lead Republicans in the county by 342.

In Placer County the variance is a bit broader with 12,909 Democrats, 7881 Republicans, five Independent Progressive, 13 Prohibitionists, 12 miscellaneous, and 340 who declined to state to make up a total of 21,160.

Sierra County reports a total registration of 1672 of which 951 are Democrats, 644 Republicans, three Independent Progressives and 74 who decline to state.

The smallest county, Alpine, reports 180 voters and is one of the few counties in the state giving the Republicans the edge. There 122 Republicans and 52 Democrats are registered.

Over the state as a whole there are 5,885,237 registered to vote with the Democrats leading with a majority of 851,582 over the Republicans, according to a report issued by Secretary of State Frank M. Jordan.

RECORD SET IN SPEED TICKETS

SACRAMENTO—More speeding citations were issued by California highway patrolmen during the month of September than for any prior month during the 25-year history of the patrol.

Speed arrests effected by the patrol totaled 19,001 for the month of September, an increase of 3269 above the same month last year and an increase of 1338 above the August, 1954 total.

Traffic deaths in unincorporated areas of the state dropped by 13.8 per cent during September Patrol Commissioner B. R. Caldwell pointed out.

TRAFFIC LAWS ARE APPLICABLE FOR BICYCLE RIDERS

SACRAMENTO—"Traffic laws are for bicyclists too."

After reviewing an accident report telling of the tragic death of a seven-year-old boy in a bicycle collision, Highway Patrol Commissioner B. R. Caldwell issued this word of caution to bicycle riders, especially the youngsters, today:

"While the vehicle code grants bicycle riders all the privileges given to motor vehicle operators, cyclists must obey the same laws that motorists must heed.

"This includes riding on the right hand side of the roadway, traveling with traffic, and giving the required arm signals for turns and stops," Caldwell explained.

With shorter days and earlier darkness, the commissioner also cautioned bicycle riders of light requirements when riding any time thirty minutes after sunset and thirty minutes before sunrise. Every bicycle ridden during these hours must have a white light mounted and lighted on the front of the bike. This light must be clearly visible for 300 feet ahead under normal conditions.

The law also requires a red light or red reflector on the rear of the bicycle visible from 300 feet behind the bicycle.

"Almost 3000 bicycle riders were killed or injured during 1953 in California and the best way to reduce this toll is for the riders themselves to obey all the traffic laws," the commissioner emphasized.

NEW RECORD

Planting of catchable sized trout by the Department of Fish and Game has closed for the season with an all-time high plant of 5,485,000 fish in California's streams and lakes.

The California white oak is used primarily as a shade tree.

BROCKWAY ROTARY WILL GREET OFFICIAL AT MONDAY MEETING

KINGS BEACH—The Rotary Club of Brockway Monday will be host to W. E. (Bill) Jansen, governor of the 164th District of Rotary International, who is making his annual official visit to each of the 41 Rotary Clubs and 2203 members in Northern California and Nevada. He will address the club and confer with President A. E. Abbott, Secretary E. J. Stokes and committee chairmen on Rotary administration and service activities, and on plans for the participation by the Rotary Club of Brockway in the world-wide observance of Rotary's Golden Anniversary, February 23-June 2.

Jansen is of Auburn and is a member of the Rotary Club there. He was elected district governor of Rotary International for the 1954-55 fiscal year at the annual Rotary convention in Seattle, Wash., last June.

Wherever Rotary Clubs are located President Abbott asserted in discussing the governor's visit, their activities are similar to those of the Rotary Club of Brockway because they are based on the same general objectives—developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Point Lobos is the westernmost tip of San Francisco.

KNIGHT WINDING UP CAMPAIGN IN WHIRLWIND TRIPS

Gov. Goodwin J. Knight, winding up a busy election drive, this week was campaigning in the way he most enjoys—discussing the major issues with his fellow Californians and greeting them informally in jaunts up and down the state.

Everywhere the governor stopped to greet a crowd of well-wishers, his message included a strong appeal to every eligible voter to go to the polls next Tuesday.

"You and I have been studying the great issues we face as citizens of the fastest growing state in the Union," Governor Knight said. "We have looked over the record of my year's administration of the state's business, and the proposals I have made for solution to some of our state's many challenging problems.

"What we say next Tuesday at the polls will have an important effect on the development of our state and the welfare of all its citizens. I have an abiding faith in the ability of the voters of California to make wise decisions. I urge that it should be the decision of all the voters."

DIES NEAR TRUCKEE

Fred Van Vleck, 74-year-old Sloughhouse cattleman died at his summer range in Sierra Valley, north of Truckee Friday. He was a prominent Native Son.

It's Prosperity Insurance!

Proposition 5 renews a 40-year old law exempting home-owned ships from personal property tax levies that can't be assessed against foreign and out-of-State ships.

California ships could not compete, tax-wise, without this protection, and in many cases would be forced to seek registry in other ports, spending there the many millions of dollars for repairs and provisioning now spent in California.

A healthy shipping industry is vital to California's prosperity. Shipping furnished jobs for 20,000 Californians last year with a payroll of more than 100 million dollars! Every county in every section of the State benefits in terms of wider markets and better prices for products, more business volume, more stability, more job protection.

Everybody favors Proposition 5: the Democratic Party and the Republican Party, the Farm Bureau Federation, the State Federation of Labor, the State Chamber of Commerce, the California Federation of Women's Clubs and scores of other civic, labor, business, women's and patriotic organizations.

TAHOE TOPICS

by JEANNETTE MITCHELL

The past few days have had the crispness that hail in our winter months and the east wind has been blowing briskly whipping the blue of Tahoe into deeper greys frothed with white. One by one our neighbors are leaving after having been packed for weeks in some instance, but not caring to leave our warm sunny shores.

With this change in weather comes the many functions of the Tahoeites now that it is "play time." Rotarians and guests were proof that the gala air has come literally, with the Halloween costume masquerade given annually by the Tahoe City Rotarians. The costumes were many and varied all furnishing one another with laughs galore. On into the future, parties are looming and all are getting ready for these good times.

Leaving our parties we skip over to the more serious trend of news and happenings of interest—one of the utmost importance to all people who are property owners on Lake Tahoe was the scheduled meeting held yesterday, October 25 in Reno. It was the public hearing for and against the Lake Tahoe interstate water conference committee—which furthered plans of the intention of starting to deepen and widen the Truckee river channel in the vicinity of Tahoe City, presumably starting just below the highway bridge and thence down the prevailing channel for 3200 feet. This seemingly to help flood conditions at the lake. Mrs. Jeannette Mitchell attended this vitally important meeting in the capacity of the Lake Tahoe Sierra Chamber of Commerce secretary and at this time stresses the necessity of a community-wide meeting to be held at the earliest possible date at which time a public discussion on this problem may be brought to the people of the lake. There is quite an ultimate overall plan that will eventually entail tunnels from the northeasterly section of the lake and the southwesterly section. With such a plan so vital to the lake, it is necessary for the property owners' right as free agents, to protect their rights. Attending the meeting were directors of the Lake Tahoe Sierra Chamber of Commerce, Fred Shultz, Herb Obexer, Norman Mayfield, Ken Admundson, Bud Scott, A. M. Anderson, Jake Obexer, Loren Holmwood, Asa Abbott, Kings Beach, Sen. Harold T. (Biz) Johnson and Swift Berry attending in behalf of the people of Lake Tahoe area. At this meeting Will Bliss of Glenbrook fought hard towards no deviation or destruction of the natural rim of Lake Tahoe, was handed an official telegram that read of the appointment by Governor Knight of H. J. McClatchy, Sacramento and Tahoe; Tahoe; and C. Don Huff, Woodland and Tahoe to the water commission committee. George Kehlet is our other California committee member who has been active these many years. The Lake Tahoe Sierra Chamber of Commerce went on record as desiring to reserve the right at that particular time, to submit future recommendations after further study of the feasibility report.

As our deer season now goes into the annals of memory, we find this release of a Mr. Stillwell R. Wolf, deer hunter from Daly City, Calif., who appeared before Judge Gildersleeve on October 11 and was fined $50 for leaving a burning campfire unattended. Wolf was cited by Tahoe National Forest Patrolman John Gigley, for violation of Public Resources Code 4159 and plead guilty before Judge Gildersleeve.

Wolf was also cited for violation of Public Resources Code 4168, having tracer bullets in his possession. Leaving an unattended campfire and having or using tracer bullets in forested lands is a serious offense, for it may lead to the loss of many thousands of dollars in natural resource values as well the cost of fire suppression, should such a fire start.

There was an announcement from Supervisor L. A. Rickel that another large sale of government timber was made on Tuesday, October 19. The sale was mixed species, predominantly Ponderosa pine, with an estimated total volume of 7,000,000 board feet.

Word from the California State Chamber of Commerce ask that all areas send in a resume and schedule of all December events for their big Christmas bulletin whose statewide coverage includes press, radio, newsreels, travel agencies, automobile clubs and photo syndicates. The state keeps up to date files of all California events to answer hundreds of phone and letter inquries. The deadline to send in events is set for December 1. Include in your events something about the Christmas preparations such as community parties, street lighting, decorations, arrival of Santa Claus, decorating contests, etc.

Also your 1955 events, as completely as possible, for the State Chamber's Fair and Fiesta Bulletin No. 1 for all of 1955, to be issued at the end of the year. Deadline for these events to reach the State Chamber office, 350 Bush street, San Francisco, by December 15. They ask you indicate date, location, sponsor and attendance.

Winding up today's news with a highlight that may have a keynote of high interest in the future is the report on 25-year-old Bob "Hoskie" Hoskins of Grass Valley who came to the cold waters of Lake Tahoe last week to look the situation over for his contemplated swim of the length of the lake. Bob took a few turns of workout in this altitude and made his descent into the icy waters of Tahoe accompanied by the sympathetic gasps and shivers. After a few turns in the lake and lengthy discussion with Tahoeites who have lived here many years, Hoskins has returned to further confer with his manager, Mrs. Evelyn Seymour of Glendale, Calif., where they will study the attempt and strategy of swimming the 23 miles. Bob's six feet of brawn and 200 pounds should help considerably towards his goal, but he will not attempt to make the swim on November 10 as formerly scheduled. He intends to talk the lake's hazards over with William Long, who successfully swam the width last year and also seek advice from Fahmy Atlah, who this summer made an unsuccessful but undaunted try at the length.

On November 5, 10 a.m., the California State Chamber of Commerce will hold a committee meeting with luncheon session at 12:15 p.m. Senator Hotel, Sacramento. All members of local chambers are invited to attend as well as any and all interested parties.

—Jeanette Mitchell

State Contracts Under Discussion As Views Aired During Meet

SACRAMENTO (CNS) — Conflicting testimony on whether the state should build a project under one contract or several separate contracts has been given to the senate interim committee on public works.

Hugo E. Becker, Sacramento electrical contractor, told the committee that as a rule he has found work on state building jobs to be better coordinated and less expensive under separate contracts with the state than under subcontracts with a general contractor.

But Michael J. Heller, Sacramento general building contractor, also a witness, disagreed with Becker.

Heller said that under a separate contract system, costs of the general building contractor can be run up by the "spurts and stops" of other contractors over whom the general contractor has no control. This, he said, results in higher bids to the state by the general contractor.

The committee, headed by John F. McCarthy of San Rafael, is reviewing policies and laws under which the state department of public works operates.

Becker said a study of bids submitted to the state under both systems on the $5 million state department of employment building in Sacramento showed that the lump sum bid of the general contractor totaled 5.6 per cent more than the total of the separate bids submitted.

Heller called in a painting contractor and a plastering contractor, each of whom testified that their work under separate contracts let by the state cost them much more than under a general contractor.

Safety Car Checks Are Urged By Patrol For Approaching Winter

SACRAMENTO — While some Californians are installing the storm windows and girding for the bad weather to come, others are preparing to open winter resorts where people bask in balmy weather.

Commissioner B. R. Caldwell of the California Highway Patrol today reminded all Californians that the last three months of the year are invariably the most hazardous in traffic, and called upon every one to help.

Caldwell pointed out that a check of automotive safety equipment, including lights, brakes, tires, and windshield wipers on every vehicle, is now particularly imortant.

"Wet weather is not far away, and the first seasonal rains bring slippery street surfaces," the commissioner commented.

Other seasonal hazards that must be faced during the final months of the year include more hours of darkness, heavy weekend football traffic, night and early morning fog, and the reduced visibility caused by fading light during the evening peak traffic rush.

"Last year almost one-fifth of California's traffic accident victims were killed between five and eight o'clock in the evening," the commissioner emphasized. "Slower speeds and greater caution will help save lives."

NOTICE TO VOTERS

NOTICE IS HEREBY GIVEN to the electors of the State of California that the following Bond Act will be submitted to the People of the State of California for their ratification at the next general election to be held on the second day of November, A.D., 1954.

FRANK M. JORDAN,
Secretary of State.

FOR THE VETERANS BOND ACT OF 1954.

This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes.

1

AGAINST THE VETERANS BOND ACT OF 1954.

This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans.

This proposed law, by act of the Legislature passed at the 1954 First Extraordinary Session, is submitted to the people in accordance with the provisions of Article XVI of the Constitution.

(This proposed law does not expressly amend any existing law; therefore, the provisions thereof are printed in BLACK-FACED TYPE to indicate that they are NEW.)

PROPOSED LAW

An act to add Article 5e to Chapter 6 of Division 4 of the Military and Veterans Code, authorizing the creation of a debt or debts, liability or liabilities, through the issuance and sale of state bonds, to create a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans Farm and Home Purchase Act of 1943 and acts amendatory and supplemental thereto; defining the powers and duties of said committee and of the Department of Veterans Affairs and other state officers in respect to the administration of the provisions hereof; providing ways and means, exclusive of loans, for the payment of the interest of such debt or debts, liability or liabilities, as such interest falls due, and also for the payment and discharge of the principal of such debt or debts, liability or liabilities, as such principal matures; and providing for the submission of this act to a vote of the people at the general election to be held in the month of November, 1954.

The people of the State of California do enact as follows:

Section 1. Article 5e is added to Chapter 6 of Division 4 of the Military and Veterans Code, to read:

Article 5e. Veterans Bond Act of 1954

996.25. This article may be cited as the Veterans Bond Act of 1954.

996.26. For the purpose of creating a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans Farm and Home Purchase Act of 1943 and of all acts amendatory thereof and supplemental thereto, the Veterans' Finance Committee of 1943, created by Section 991, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the manner and to the extent hereinafter provided, but not otherwise, nor in excess thereof.

996.27. After adoption of any resolution by the Veterans' Finance Committee of 1943, provided for in Section 996.34 the State Treasurer shall arrange for the preparation of the requisite number of suitable bonds in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this article shall not exceed the sum of one hundred seventy-five million dollars ($175,000,000) and shall bear interest at a rate not exceeding 5 percent per annum payable as provided in such resolution. Both principal and interest shall be payable in lawful money of the United States, at the Office of the State Treasurer, or at the office of any duly authorized agent of the State Treasurer.

All bonds issued under this article shall bear the facsimile signature of the Governor and the facsimile countersignature of the Controller and shall be endorsed by the State Treasurer either by original signature or by a signature stamp, and the bonds shall be signed, countersigned, and endorsed by the officers who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943, and each of said bonds shall bear an impress of the Great Seal of the State of California. Interest coupons attached to each bond shall bear the facsimile signature of the State Treasurer who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943. The Veterans' Finance Committee of 1943 may require that said bonds be authenticated by the State Controller or by any Deputy State Controller, and in such event no bond authorized hereunder shall be valid unless so authenticated in the manner so required. The bonds or coupons so signed, countersigned, endorsed, and sealed, when sold, shall be and constitute a valid and binding general obligation upon the State of California, although the sale or delivery thereof be made at a date or dates upon which the officers having signed, countersigned, and endorsed said bonds or coupons, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the date of adoption of the resolution of the Veterans' Finance Committee of 1943. Each bond issue under this article shall contain a clause or clauses referring to this article and to the resolution of the Veterans' Finance Committee of 1943 hereunder by virtue of which said bond is issued, and if subject to call or redemption prior to maturity, shall contain a recital to that effect.

996.28. The State Treasurer shall, on the respective dates of maturity or prior redemption of said bonds, or as soon thereafter as said bonds are surrendered to him, pay the same out of the proceeds of the Controller's warrants drawn in his favor as provided in Section 996.29 and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. The State Treasurer, or his duly authorized agent, shall also, on the respective dates of maturity, cancel all bonds and appurtenant coupons bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof; provided, however, new bonds may be prepared and executed in lieu of bonds canceled solely by reason of the fact that such bonds have not been sold prior to their fixed maturity dates, whenever the Veterans' Finance Committee of 1943 shall determine such new bonds shall be prepared and executed, subject to the condition the total indebtedness created hereunder shall not exceed the maximum limit herein specified. Not less than four years after the final maturity date of a particular issue of bonds, the State Treasurer, or his duly authorized agent, may destroy or cremate any bonds of such issue which have been previously paid or canceled as hereinbefore provided.

996.29. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this article, as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the General Fund in the State Treasury, all of the money in the Veterans' Farm and Home Building Fund of 1943, not in excess of the principal of and interest on the said bonds then due and payable, except as hereinafter provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of said Veterans' Farm and Home Building Fund of 1943 as soon thereafter as it shall become available, together with interest thereon from such dates of maturity until so returned at the same rate as borne by said bonds, compounded semi-annually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn against said appropriation from the General Fund by the Controller of the State in favor of the State Treasurer, or his duly authorized agent, and the money to be returned into the General Fund in the State Treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the Controller. The Department of Veterans Affairs, by resolution approved by the Veterans' Finance Committee of 1943, shall direct the State Treasurer to call bonds (which are then subject to redemption) if such call is desirable and whenever funds are available to effect such redemption, the part of each issue so called to be not less than all of the bonds maturing in any one year. Notice of such redemption shall be given by the State Treasurer in the manner provided in the resolution authorizing the issuance of said bonds.

996.30. The bonds authorized to be issued under this article shall be sold by the State Treasurer to the highest bidder for cash, either at public auction or upon sealed bids as the Veterans' Finance Committee of 1943 may by resolution determine. The Treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which shall have accrued thereon between the date of purchaser's payment for said bonds and the last preceding interest maturity date; and the Treasurer may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, at such time and place as he may select. If said bonds are offered for sale upon sealed bids, then each bid shall be in writing and signed by the bidder and sealed, and shall be accompanied by the deposit of a certified check or cashier's check for five thousand dollars ($5,000), drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the Treasurer of the State of California, such deposit not to bear interest. The deposit of each unsuccessful bidder shall be returned to him immediately upon the nonacceptance of his bid, and the deposit of the successful bidder shall immediately upon the acceptance of his bid become and be the property of the State of California and be placed in the State Treasury to the credit of the Veterans' Farm and Home Building Fund of 1943, and shall be credited to the successful purchaser upon the purchase price of the bonds bid for in case such purchase price is paid in full by him within the time mutually agreed upon between the successful bidder and the Treasurer. If the purchase price is not so paid, the successful bidder shall have no right in and to said bonds or by reason of said bid, or to the recovery of said deposit accompanying said bid, or to any allowance or credit by reason of such deposit unless it shall appear that the bonds would not be validly issued if delivered to the purchaser in the form and manner proposed. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the State Treasurer upon notice as provided in case of original sale.

Temporary or interim bonds, certificates, or receipts of any denomination whatever and with or without coupons attached thereto, to be signed by the State Treasurer, may be issued and delivered until the definitive bonds are executed and available for delivery. Signature of the State Treasurer may be by signature stamp.

996.31. Due notice of the time and place of sale of all bonds shall be given by said Treasurer by publication in one newspaper published in the City and County of San Francisco and also by publication in one newspaper published in the City of Sacramento and by publication in one newspaper published in the City of Los Angeles once a week during two weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500) for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said Treasurer into the Veterans' Farm and Home Building Fund of 1943 and must be used exclusively in aiding veterans in the acquisition of, or payments for, farms and homes, in accordance with the provisions of this chapter; provided, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

996.32. The Department of Veterans Affairs is authorized, with approval of the Department of Finance, to invest any surplus money in the Veterans' Farm and Home Building Fund of 1943 in bonds or obligations of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or obligations, or any of them, at the governing market rates, upon approval of the Department of Finance; or the Department of Veterans Affairs may, with the approval of the Director of Finance, invest money in such fund, in interest-bearing certificates of deposit of state banks having a paid-up capital of five hundred thousand dollars ($500,000) or more; provided, the total amount of money so deposited with any one bank shall not exceed a sum equal to 50 percent of the paid-up capital of such bank; provided, however, nothing herein contained shall inhibit the depositing in banks in accordance with Chapter 4, Part 2, Division 4, Title 2 of the Government Code, of money of any of the funds subject to the control of the Department of Veterans Affairs or appropriated for its use.

Interest accruing upon the deposit of money of the Veterans' Farm and Home Building Fund of 1943 shall be paid into and credited to said fund.

996.33. Upon request of the Department of Veterans Affairs, supported by a statement of the plans and projects of said department with respect thereto, and approved by the Governor, the Veterans' Finance Committee of 1943 shall determine whether or not it is necessary or desirable to issue any bonds authorized under this article in order to carry such plans and projects into execution, and, if so, the amount of bonds then to be issued and sold. Successive issues of bonds may be authorized and sold to carry out said plans and projects progressively, and it shall not be necessary that all the bonds herein authorized to be issued shall be sold at any one time.

996.34. Whenever the Veterans' Finance Committee of 1943 shall have determined that the sale of all or any part of the bonds authorized to be issued under this article is necessary or desirable to carry such plans into execution, in whole or in part, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the State Treasurer to provide for the preparation of the requisite number of suitable bonds then authorized to be sold and shall specify as to such bonds then to be sold:

1. The maximum number of each denomination or denominations, aggregate par value, and the date of the bonds to be then sold. The date appearing on said bonds shall be deemed to be the date of issuance for all purposes of this article, irrespective of the actual date of delivery of such bonds and the payment of the purchase price thereof. Successive issues of bonds herein authorized shall be identified by the number of the issue, or the entire authorized issue may be divided into series or divisions appropriately identified by letter or number.

2. The date or dates of maturity, and the number and numerical sequence of the bonds maturing at each date of maturity, to be at annual intervals.

3. The provisions, if any, for the retirement of said bonds at any time or times prior to their maturity, the manner thereof, and the price or prices at which said bonds shall be redeemed.

4. The annual rate of interest which the bonds to be issued shall bear, to be in multiples of one-fourth of 1 percent, which rate, at the discretion of said committee, may be determined by the bidder at the time of sale of said bonds, not to exceed 5 percent payable as herein provided.

5. The provisions, if any, for the interexchange of bonds of different denominations, the issuance of new bonds of different denominations in lieu of, or in exchange for, bonds of a like aggregate principal amount but of different denominations, and the authentication of any bonds by the State Controller or by any Deputy State Controller.

6. The technical form and language of said bonds and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the Veterans' Finance Committee of 1943 shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the Veterans' Farm and Home Building Fund of 1943 from the transactions to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, with the dates and amounts of such estimated revenues; provided, the bonds first to mature in each issue shall mature not later than five years and the bonds last to mature in each issue shall mature not later than 45 years from the date of issuance thereof.

The rate of interest to be borne by the bonds need not be uniform for all bonds of the same issue or series or division, and may be determined and fixed by the Veterans' Finance Committee of 1943 by resolution adopted at or after the sale of said bonds, but not exceeding in any case 5 percent per annum payable semiannually. The highest bid received on the sale of the bonds shall be determined by deducting the total amount of the premium bid (if any) from the total amount of interest which the State would be required to pay from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, and the award shall be made on the basis of the lowest net interest cost to the State. The lowest net interest cost to the State shall be computed on a 360-day year basis. The interest coupon first payable may, if the Veterans' Finance Committee of 1943 shall so determine and specify, be payable at any time within one year after the date of issuance of said bonds.

996.35. All actual and necessary expenses of the Veterans' Finance Committee of 1943 and of the members thereof incurred in the performance of their duties arising out of the provisions of this article and expenses incurred by the State Treasurer in having said bonds prepared and in advertising their sale or their prior redemption shall be paid out of the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

Whenever the Veterans' Finance Committee of 1943 deems it advisable to obtain a legal opinion as to the validity of the bonds, prior to or after sale, from attorneys other than the Attorney General, the committee may authorize the State Treasurer or the Department of Veterans Affairs or both to obtain such a legal opinion. Payment for such legal services shall be made from the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

996.36. The Controller, the Treasurer and the Veterans' Finance Committee of 1943 shall keep full and particular account and record of all their proceedings under this article, and they shall transmit to the Governor an abstract of all such proceedings thereunder, with an annual report, to be by the Governor laid before the Legislature biennially; and all books and papers pertaining to the matter provided for in this article shall at all times be open to the inspection of any party interested, or the Governor, or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both, or any citizen of the State.

996.37. So long as any bonds authorized under this article may be outstanding, the Director of the Department of Veterans Affairs shall cause to be made at the close of each fiscal year, a survey of the financial condition of the Division of Farm and Home Purchases, together with a projection of the division's operations, such survey to be made by an independent public accountant of recognized standing. The results of such surveys and projections shall be set forth in written reports and said independent public accountant shall forward copies of said reports to the Director of the Department of Veterans Affairs, the members of the California Veterans Board, and to the members of the Veterans' Finance Committee of 1943. The Division of Farm and Home Purchases shall reimburse said independent public accountant for his services out of any funds which said division may have available on deposit with the Treasurer of the State of California.

Sec. 2. This act shall take effect upon its adoption by the people as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 3. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be held in the month of November, 1954, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the Veterans Bond Act of 1954," and the same square under said words the following in eight-point type: "This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes." In the square immediately below the square containing such words, there shall be printed on said ballot the words, "Against the Veterans Bond Act of 1954," and in the same square immediately below said words, in eight-point type shall be printed "This act provides for a bond issue of one hundred seventy-five million dollars ($175,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans." Opposite the words "For the Veterans Bond Act of 1954" and "Against the Veterans Bond Act of 1954," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words, "For the Veterans Bond Act of 1954" and those voting against the said act shall do so by placing a cross opposite the words "Against the Veterans Bond Act of 1954." Provided, that where the voting of said general election is done by means of voting machines used pursuant to law in such manner as to carry out the intent of this section, such use of such voting machines and the expression of the voters' choice by means thereof, shall be deemed to comply with the provisions of this section. The Governor of this State shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 4. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 5. It shall be the duty of the Secretary of State in accordance with law to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this State, for three months next preceding the general election to be held in the month of November, 1954. The costs of publication shall be paid out of the General Fund, on Controller's warrants duly drawn for that purpose and shall be refunded to the General Fund out of the Veterans' Farm and Home Building Fund of 1943. Said refund shall be made upon Controller's warrants duly drawn against said fund for said purpose upon demands audited by the State Department of Finance.

Schools May Protect Student Drivers In Ruling By Attorney

SACRAMENTO (CNS)—State Attorney General Edmund G. Brown has ruled that school districts may buy automobile accident and personal liability insurance to cover students in its driving classes.

Brown said the insurance must be taken out in the name of the person or organization legally responsible.

Premiums may be paid from district funds and charged as excess cost, Brown said.

The attorney general's opinion was requested by Roy E. Simpson, state director of education.

RADAR BEING USED TO CHECK SPEEDERS

SACRAMENTO (CNS) — Radar devices for measuring speeds of cars on state highways will be used experimentally by the California Highway Patrol beginning October 20, Patrol Commissioner Bernard R. Caldwell announced.

Caldwell said the equipment will be used in various parts of the state, both in heavily congested traffic areas and in lightly traveled rural areas.

The radar experiments will be conducted for at least one month, the commissioner said.

Caldwell explained use of the equipment:

"Radar in speed enforcement has been established as accurate within 2 per cent in determining maximum speeds. In those states where already in use, the device has been a valuable aid to traffic law enforcement.

"In addition to accurately gauging speed violations, the use of the instrument will reduce the need for dangerous long distance chases at high speeds."

Certain Fraternal Life Insurance Policies Hit

SACRAMENTO (CNS) — The state insurance commissioner's disapproval of forms of life insurance offered by certain California fraternal organizations has been upheld by State Attorney General Edmund G. Brown.

The commissioner, John R. Maloney, recently disapproved of fraternal life insurance policies which give policyholders premium loans, rather than cash surrender value settlements, in the event that the holder defaults on regular premium payments.

Brown approved Maloney's decision that the automatic loan provisions of the policies did not conform with "nonforfeiture" provisions of California insurance law.

Maloney asked for the opinion at the request of the fraternal benefit societies involved.

SHIFTS ANNOUNCED IN STATE CHP PLAN

SACRAMENTO (CNS)—Bernard R. Caldwell, California Highway Patrol commissioner, has announced three shifts among top commands within the patrol.

Caldwell said Inspector H. A. Duryea, who has served at headquarters in Sacramento for the past three years, will take command of the patrol's Southern California zone on October 15.

Inspector R. E. Fuson, acting commander of the valley zone, extending from Tehachapi mountains to the Oregon border, will replace Duryea at state headquarters.

Supervising Inspector L. T. Torres, southern zone commander, will take over the valley zone.

A spokesman for the patrol said the shift resulted from Torres' request for transfer to the northern zone.

Dear Editor:

. . . the letters start. Then from all over the free world come such comments as these from readers of THE CHRISTIAN SCIENCE MONITOR, an international daily newspaper:

"The Monitor is must reading for straight-thinking people. . . ."

GOV. GOODWIN J. KNIGHT signs California section of World Good Will Book, sponsored in this country by American Bible Society, containing signatures of those who contribute to fund to make Bibles available where needed. Bible societies are observing 150th anniversary. Looking on is Rev. Ralph W. Bayless, secretary of Pacific district of American Bible Society.

California Has Highest Aid For Schools As Well As For Aged

SACRAMENTO (CNS)—California, said to have the most liberal old age assistance program in the nation, and also the highest state aid for school in the United States, receives more federal money for these two functions of government than any other state, according to a survey made by a group of research experts.

This state's share of federal highway funds is second only to that of Texas, and the grant for employment security is second to New York, and for vocational education, is second only to Pennsylvania, the report indicated.

The research experts found that the federal government disbursed $215,788,277 to state agencies in 1952-53, which was 17.4 per cent of California's budget.

Approximately three-fourths of the federal funds, the report pointed out, are paid out by the state to local government for functions such as social welfare, education, roads, and hospital construction.

The report declared:

"Despite the tenacious clinging to the principle of home rule in California, it is clear that federal grants have resulted in a shift of authority from local to state government. This is evident especially in public assistance, highway construction and vocational educational programs.

"But there is no evidence that the shift has undermined the vitality of local jurisdictions."

Rice has a higher caloric yield than any other grain.

SANDERS OFFERS WATER SYSTEM TO LOCAL DISTRICT

Following a public hearing here Tuesday morning, attended only by two or three interested parties, Examiner Thomas Daly of the California Public Utilities Commission, took under advisement the petition by Joseph H. Sanders to abandon the Sanders and Gebhart Water Company here.

Sanders proposed that the Truckee Public Utility District purchase his water system for a quoted price of $3000. C. Edmunds, who represented the utility district at the hearing said the district is not currently in a position to take over the system at the offered price.

It was pointed out that the Sanders' system now serves 23 customers under 13 separate accounts at a rate of $2.50 per customer.

Two proposals were offered. First, Edmunds suggested that Sanders abandon the lines to his customers who in turn could then apply to the utility district for service; second, the Sanders' system could purchase water metered into the present lines for resale.

Neither of these proposals apparently took root, and the examiner said he could only submit his findings to the commission for conclusive action.

Temperature Drops But Weather Clear At Lake

TAHOE CITY—The temperature hit a new low of 18 degrees for the season Sunday morning, although sunshiney days still prevail and no precipitation has been recorded. Moderating temperatures followed the cold snap, after a maximum of only 39 degrees was recorded Saturday.

The lake level stood at 6226.50 feet Monday with six gates open, Art Frodenberg cooperative, observer, said.

Boy Scout Film Shown At PTA Meet At Lake

KINGS BEACH—Forty people attended the Kings Beach Parents and Teachers Association meeting when Mrs. Fred Shultz was heard as a speaker and William Dorsey of Auburn talked and showed a film on Boy Scout work.

Rev. Covher told of the acute need of clothing in Korea and asked that all residents, including children give garments for the worthy cause. Refreshments were served.

Tonsilectomy—

Susan, daughter of Mr. and Mrs. Charles Olano underwent a tonsil operation this wek.

MANY ACTIVITIES REPORTED HERE BY LOCAL CLUB

The Truckee 20-30 Club has recently accepted into membership Bob Madge, Tahoe-Truckee High school art teacher; Doug Wilson, fifth grade teacher of Truckee Elementary School; Bud Little, of Nevada County Highway Department; Bob Lee, ski instructor for Travis Air Force Base, and Bill Johnson, lineman for the Pacific Telephone and Telegraph.

The membership drive, which is currently in its second quarter of operation, is stimulating great interest. Quarterly dinners are held locally, with the winning team and their wives enjoying steak, while the losers consume beans.

The club visited the Carson Valley club last night in Gardnerville, having cancelled their own meeting locally to attend en masse.

Standing committees for the new quarter have recently been formed. They are the project committe with Erv Johnson, chairman, assisted by the sports committee with Russ York chairman, assisted by Doug Wilson and Bill Johnson. The club history committee with Lynn Kishbaugh chairman, the education committee with Al Koolhof chairman, the housing committee with Lauren Russell chairman, assisted by Tom Patterson and Ed Crandall, the music committee with Hugh Smith chairman, assisted by Jim Morhain, the goodwill committee with Chet Burns chairman, assisted by Bud Little, the interclub relations committee with Ken Hedlund chairman, the past active committee with Hugh Weinand chairman, assisted by Ken Hedlund, the protography committee with Bob Lee chairman, the publicity committee with Bob Madge chairman, the induction committee with Ken Hedlund chairman.

ELECTION WILL BE HELD BY WYETHIA

Election of new officers for the year will be held at the November 5 meeting of the Wyethia Club, Mrs. Fred Pedley, president, announced this week.

The following evening the members will hold escort night at Donner Lake Lodge where dinner, dancing and a program will be featured.

The gold rush days in California will be the party theme. Tickets for the event may be purchased from club members, Mrs. Pedley said.

ANNUAL YMCA MEET HELD AT SCHOOL

Tahoe-Truckee High School was the host Saturday to the third annual YMCA Youth Conference. Approximately 170 delegates, traveling from as far as Lovelock, Nev., and representing 14 schools, participated in panel discussions in the morning and in the afternoon.

A banquet luncheon was served with E. V. O'Rourke, the featured speaker, taking as his subject "Atoms and Tom Toms."

Following the successful conference, the delegates and their advisors were guests at the Reno-Tahoe-Truckee football contest. The game was a real thriller with the home team playing their best game to date.

Saturday night the sophomore class presented a dance. The theme was the Hawaiian "Aloha," leis and colorful shirts helped to create a colorful and authentic atmosphere.

Rudy Abrecht, YMCA Mountain District secretary, worked with the local committees to make the conference successful.

Dr. Affeldt Here For Visit After Service

Lieutenant and Mrs. Robert Affeldt who arrived this week from Guam were visiting local friends on Sunday.

Affeldt has spent much of his service with the U. S. Navy in the Orient and will soon receive his discharge at San Francisco.

Eugene Gini, Dorothy Neel Married In Reno

Mr. and Mrs. Eugene Gini arrived here this week to make their home, following their wedding performed in Reno last Friday.

Gini, son of Mr. and Mrs. G. Gini, received his discharge from the U. S. Navy at Treasure Island two days before. He is well known in this vicinity where he was reared, graduated from the local schools and was employed by the Sierra Pacific Power Company prior to his enlistment. He will resume his position with the company next week.

The bride is the former Miss Dorothy Neel of Tucson, Ariz., where the couple met last year.

Achievement Tests For Cub Scouts Are Shown

Demonstrations of their achievement tests were given by Truckee Cub Scouts at their monthly pack meeting held Tuesday night at the elementary school. Under the leadership of the Den Mothers and Cubmster Glenn Lee, the boys recited safety methods, demonstrated care of the flag, knowledge of other countries, care of books and various other projects which they are taught throughout the year.

Mrs. Alex Ayala of Floriston announced formation of a den there with six boys participating in the valuable studies.

Parent participation in the work is being urged by local Scout leaders.

Eugene Risden Will Be Speaker At Church

This Sunday at the Methodist Church in Truckee, the pulpit will be filled by Eugene Risden in the absence of Rev. Osman. The Osmans are vacationing presently in Los Beach.

For the Methodist Youth Fellowship evening program Lynn Kishbaugh will provide the leadership on the topic of "Being a Christian in School." Because Sunday evening is Halloween, the MYF will meet at 4:30 instead of the regular 6:30 hour. Vicki McKurtis and Janice Notley will work on worship and Jim and Ireta Harris will bring refreshments.

Operation in November—

Mrs. Don Ryan of Long Beach wrote recently that her husband is expecting to undergo an operation after the first of November.

NEVADA GROUP MAY BAN TRUCKEE HIGH IN HOOP CONTESTS

Local school authorities are a bit puzzled by the action taken recently at a meeting of the Western Nevada Conference which would recommend the Nevada Interscholastic League that California members be banned from post-season basketball tournament play.

The action would not apply this year and must be approved by the NIL before it can become effective.

In effect, it would mean the three California members of the Tahoe-Truckee, South Tahoe, and Coleville—could compete for regular season honors as league members, but then could not enter the zone or state cage tournament, even if they had gone through the year undefeated.

Tahoe-Truckee played its first conference tournament in 1953, entering in the role of the bottom team, automatically seeded against the champion. Last season, the Wolverines tied for 10th place in the 11-team league with Douglas, but won a draw for 10th place in the tournament pairings. Both times, the California entry lost its first game of the tournament.

The NIL voted to accept the California schools in the league because they are isolated from other schools in California. The local teams have been classified as among the most sportsmanlike possible and have played clean, hard games and it is hard to understand why the recent action was taken.

Another move taken last week was to realign the schools into three divisions—AAA, AA and A, with Tahoe-Truckee, along with Carson City, Monague, Douglas, Lovelock and Stewart comprising the latter bracket and Sparks, Fallon, Yerington on and Hawthorne in the AA bracket and Reno the only AA team in the league.

The 1954-55 schedule is now being prepared and will be announced soon.

Capital Boys Arrested After Cabin Wrecked

A 15-year-old Sacramento boy, reported missing by his parents Saturday, was arrested last week in Truckee, sheriff's deputies reported. Another Sacramento youth whose parents had not listed him as missing was arrested with him.

Officers said both boys left home Friday and spent the night in an Auburn Boulevard motel. They wrecked the room before leaving Saturday morning, deputies said. The boys were returned to Sacramento by their parents last night and were to see authorities today about the acts of vandalism.

Officers Elected For Nursery School Groups

The Tahoe-Truckee Parent Nursery School mothers met at the Tahoe-Truckee High School on Monday to discuss the activity of the nursery schools of the district to date and to formulate future plans. Milton Babitz, consultant in parent education, with the California State Department of Education, attended the meeting to assist the parents with their plans for nursery schools. The 24 mothers who were present elected officers for the Tahoe City group and the Truckee group as follows:

Tahoe City: Mrs. Jay Shontz, chairman; Mrs. George Boyle, assistant chairman and Mrs. Charles Henrikson, secretary-treasurer.

Truckee: Mrs. C. W. Kydd, chairman; Mrs. Victor McLane, assistant chairman and Mrs. John Street, secretary-treasurer.

Mrs. Newell B. Wright of Tahoe City is the director of the nursery school in the Tahoe-Truckee district.

HALLOWEEN PARTY PLANNED AT LAKE

KINGS BEACH—A gala evening is promised on Saturday, October 30 when Hallowen will be celebrated at a Parents and Teachers Association sponsored party for oldsters and youngsters of Kings Beach.

The evening will begin with a parade of costumed children from 6-6:30 p.m. in the school. Immediately after that the Cub Scouts will receive awards and a spaghetti dinner for all the family will be served at 7, followed by games.

Tarzan

by EDGAR RICE BURROUGHS®

THE APE-MAN HAD BEEN SEARCHING FOR A CLUE TO THE 'VANISHING FOOTPRINTS'--AND INTERCEPTED SAVAGE HYENAS ATTACKING A STRICKEN WARRIOR!

TARZAN RAN UP CLOSE TO THE RAVENOUS HYENAS AND QUICKLY HURLED HIS KNIFE. IT FOUND THE NEAREST ONE AND SCARED OFF ITS YELPING, COWARDLY FELLOWS--

BUT ONLY IN TIME TO HEAR THE NATIVE'S DYING WORDS: 'PLEASE--GO HELP MY FRIEND--BUT WATCH FOR--THE DEVIL BIRD--'

TARZAN FOLLOWED THE MAN'S DIRECTION--AND WAS STUNNED BY ENSUING EVENTS: FIRST, HE SAW ANOTHER NATIVE RUNNING ACROSS THE PLAINS--

THEN SUDDENLY, THE 'DEVIL BIRD' APPEARED--A HELICOPTER, WHICH DROPPED DOWN TO HOVER ABOVE THE TERRIFIED FUGITIVE--

AND NOW THE WARRIOR WAS LASSOED, JERKED OFF HIS FEET AND SWEPT AWAY--A FANTASTIC METHOD OF CAPTURE!

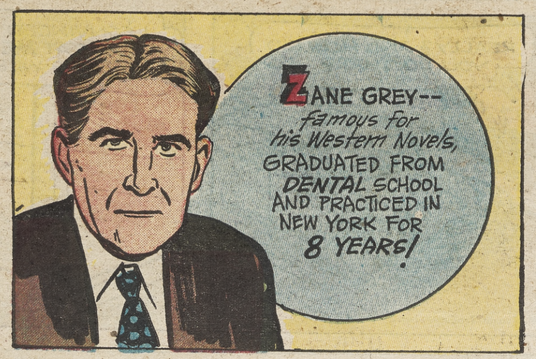
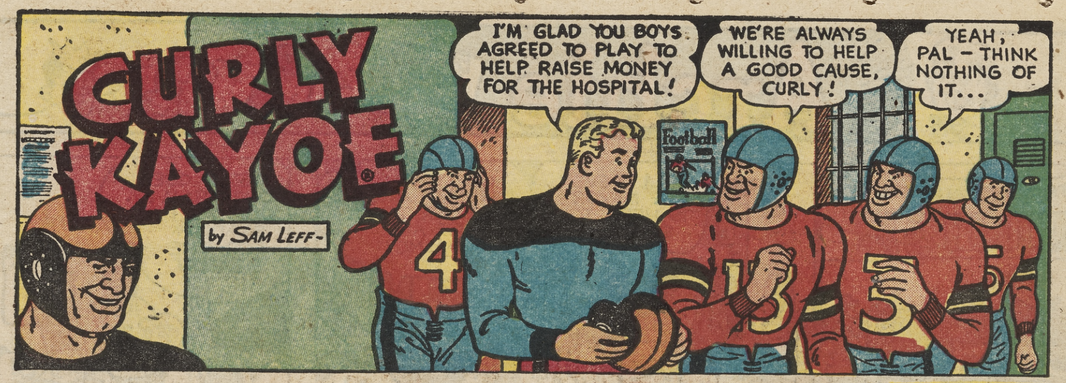
MOVIE STAR GRACE KELLY-- IS THE DAUGHTER OF AMERICAN SCULLS CHAMPION, JACK KELLY-- SISTER OF OLYMPIC ROWING CHAMPION, JACK KELLY, JR.-- NIECE OF GEORGE KELLY, AUTHOR OF "CRAIGS WIFE" AND "THE SHOW-OFF"-- AND NIECE OF WALTER KELLY, FAMED AS "THE VIRGINIA JUDGE"...
A HEN'S GIZZARD EXERTS ENOUGH FORCE TO DISTORT A PIECE OF METAL ...

A STRAIGHT LINE IS NOT ALWAYS THE SHORTEST DISTANCE BETWEEN TWO POINTS.
NAVIGATORS SAVE GREAT DISTANCES BY SAILING THEIR SHIPS IN ARCS...



ZANE GREY-- famous for his Western Novels, GRADUATED FROM DENTAL SCHOOL AND PRACTICED IN NEW YORK FOR 8 YEARS!



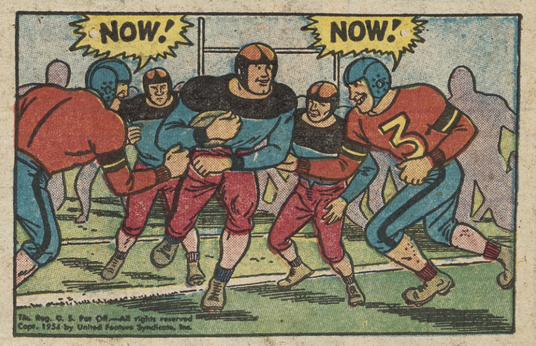
CURLY KAYOE
by SAM LEFF-
I'M GLAD YOU BOYS AGREED TO PLAY TO HELP RAISE MONEY FOR THE HOSPITAL!
WE'RE ALWAYS WILLING TO HELP A GOOD CAUSE, CURLY!
YEAH, PAL - THINK NOTHING OF IT...
Football

CURLY THINKS WE'RE PLAYING TO HELP THE HOSPITAL FUND!
YEAH! HE DOESN'T SUSPECT WE WANT TO GET EVEN WITH HIM BECAUSE HE ONCE K.O.'D US!

I'LL KICK A FIELD GOAL! WHEN CURLY TRIES TO BLOCK IT- I'LL KICK HIS HEAD OFF!
THE LEAD ON YOUR SHOES OUGHT TO BUST HIS JAW!

OOPS!
SPLAT

PSST! SORRY, PAL- IT WAS JUST BAD TIMING!
O.K.! WE'LL GET CURLY ON THE NEXT PLAY! WE'LL BOTH TACKLE HIM!!
LET'S GO!!



NOW!
NOW!
